**Why is Park City Transit considering these changes?**

We are proposing these changes, representing a 35% reduction in overall transit service, in response to declining revenue sources and ridership as a result of the COVID-19 pandemic.

**Joint Transit Advisory Board (JTAB) Meeting:**

The proposed changes will be discussed in the upcoming Joint Transit Advisory Board (JTAB) meeting on Tuesday, September 15, 2020, at 9:00 am. This meeting will be held virtually via Zoom but attendees can still provide brief comments at the start of the meeting with microphone access on the attendee's personal computer or phone.
